The option is created to correctly predict market moves in order to avoid any losses during the trading session. Quickly see the technical chart and calculate a cash option on the Forex market with real time data Ratings Ask 1 Rating "Just excellent support and great product." 9/14/2014 K Reviewed By: kirill Review: I love this program. With my trading plan, I predicted almost every technical drawdown in that plan. I ended up winning over \$1,500, and no one had a clue why. Sometimes, I would even predict the timing of a move. I must say that I've been a trader for years and this is my first ever profitable program. "Pretty good app. Still looking for the app that I want, but this one is ok." 1/14/2015 M Reviewed By: vishal Review: This is a pretty good indicator, but still lacks some features. It is pretty basic. "Good program" 7/29/2014 M Reviewed By: Mark Review: I like this program, and the indicators were correct about half the time. I did notice it was difficult to get the speed of the chart to speed up so I could see the data on the screen. "Good" 1/16/2015 M Reviewed By: Charles Review: I'm afraid this was a failed experiment for me. It just was too slow. I was hoping to make some money with it, but it never worked. "Best Forex Indicator I have ever seen" 9/29/2013 L Reviewed By: 1 Review: This is the best Forex indicator I have ever seen! It is also easy to use. I didn't even know about this program, and after using it for a few weeks, I can definitely see the results. I would definitely recommend this Forex indicator to anyone who would like a Forex indicator that will give them a good return on investment. "Pretty Good" 9/17/2013 L Reviewed By: John Review: This is a pretty good Forex indicator, 81c310abfb
